	army and those with army identity cards. No private civilian could buy anything in this store. Only when a person mistakes it for a civilian store and sake for an item that the store wants to get rid of, will he be sold something without a request for identification. Otherwise he would be immediately asked for identification. After a person becomes familiar with the clerk, he does not have to show his identification each time.	į
4.	"Opposite this food store is a textile store, it is defi- nitely marked: 'Store for the military'.	50X1-HUM
5.	"There are also military butcher, milk, and other economic article shops as well as service shops such as tailors, shownhers, etc. These shops differ very little from other shops except perhaps in their window displays.	•
6.	"The prices in the WCH stores are usually about 20 per cent lower than on the normal market, but the prices are not always constant.	
7.	families but denied to civilian workers for the army and their families. This for example, applied in the sale of chocolates and ladies hosiery when they were scarce on the open market: In 1953 there was relatively a much larger supply of 'Stylong' (ladies' hosiery) then in 1950 and	OX1-HUM
6.	"The MO and US have similar stores. They are probably within the buildings without any outdoor signs.	_
